

## Miller & Rhoads

# Thousands More Pairs of Foreign Kid Gloves

reach us in time for Richmond's Glove Store's first fall exhibit and sale; this time they are

*The Gloves of Maison Jouvin & Cie,  
of Grenoble, France*

It isn't near so easy as some might imagine, this dodging of French pickets with an automobile-load of Kid Gloves and hurrying them to a port where a waiting liner was to risk capture on the high seas to bring them to America. The incident that brought this second merchandising feat to a successful end simply shows what the energy and forethought of our representatives could accomplish even at a time when foreign commercial conditions were airtight, and what difficulties "Richmond's Glove Store" had to overcome in order to again serve its patrons with THE WORLD'S BEST GLOVES!

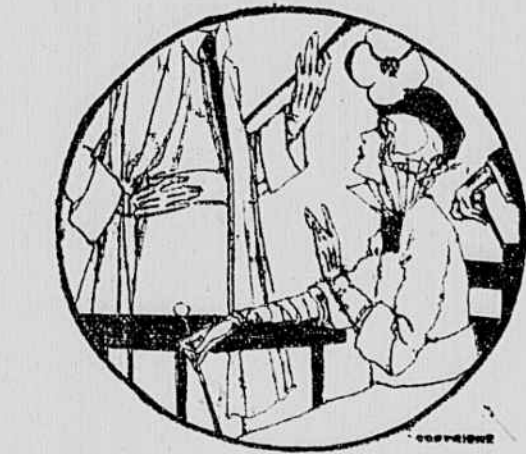

Yesterday morning, in this space, with the reproduction of a new clipping from one of our morning papers, we told of the arrival of the first and only shipment of foreign gloves to reach Richmond through the Richmond Custom-House since the world's greatest war began. Although from Munich, Germany, this importation came to Miller & Rhoads direct.

*This Importation of  
Celebrated*

## JOUVIN'S GLOVES

—while coming through the New York Custom-House—is scarcely less important to Richmond women who for years have worn French gloves.

For it is an accepted fact, among well-gowned women everywhere, that "Jouvin's" are among the VERY BEST makes

of French Kid Gloves that find their way to America.

Women admire "Jouvin's" Gloves, chiefly because their correct and shapely proportions, their softness and resiliency so admirably adapt them to the American women's hand. They also admire them for their CORRECT STYLE and DURABILITY!

Two of Jouvin's most popular Short Gloves, for dress occasions, and for which we can now supply every demand, as to size and color, are:

Jouvin's Two-Clasp Gloves at \$1.50 pair.

Jouvin's Three-Clasp Gloves at \$2.00 pair.

Both Gloves are REAL FRENCH KID.

The two-clasp has Paris point backs, while the three-clasp has Saxe embroidered backs. But "Jouvin's" Gloves is but one of several world-famous makes of Gloves we're featuring this week, and with which we are formally inaugurating the Kid Glove season of 1914-15.

EVERY CORRECT GLOVE, for street wear as well as social occasions IS FOUND HERE!  
MILLER & RHoads.

## GIVE RELIEF FUNDS FOR COUNTRYMEN

Over Four Hundred Natives or Friends of Fatherland Hold Enthusiastic Mass-Meeting.

MANY DONATIONS ARE MADE

Defense of Germans by Professor McNeill Profoundly Impresses Large Audience.

Four hundred or more natives and friends of the Fatherland met last night at an enthusiastic mass meeting in the auditorium of the Mechanics Institute when funds were raised for the relief of the wounded German, Austrian and Hungarian soldiers and for the widows and orphans of those slain on the field of battle. When the crowd, which almost filled the auditorium had assembled, C. L. Droste, Austria-Hungarian consul, briefly stated the object of the meeting and the following officers were elected: William H. Zimmermann, chairman; August Dietz, secretary, and William Rueger, treasurer.

Mr. Zimmermann stated that the purpose of the meeting was to raise funds for the relief of the Fatherland who are in desperate circumstances as a result of the horrors of war. Many women and children have been left in a helpless condition when their husbands and fathers have been either wounded or killed on the battle field and the speaker made an urgent appeal to those here who are in more fortunate circumstances to contribute liberally to the cause.

PROFESSOR McNEILL MAKES

PROFOUND IMPRESSION.

W. S. McNeill, of the law department at Richmond College, who was for a time a student in Germany, made a profound impression upon the audience with his masterly address in which he defended the position of the Germans in the terrible conflict now being waged. At the suggestion of the chairman the audience gave a ringing vote of thanks to the speaker. Brief speeches were made by Mr. Droste and others of prominence. Rev. Oscar Guthe, pastor of St. John's German Evangelical Church, presided over the meeting with a fervent prayer which was offered in the mother tongue.

On motion it was decided that relief funds raised by the meeting should be turned over to the German-American Alliance for distribution among the sufferers. It was pointed out that this organization has a membership of more than 2,000,000 American citizens could distribute the funds more effectively than some smaller organization.

Cash donations to the relief fund amounting to hundreds of dollars were made, besides the large amounts which were pledged. The exact amount of money raised at the gathering could not be ascertained last night, but it was stated that the fund raised was a large one.

MANY PROMINENT PEOPLE

WERE AMONG CONTRIBUTORS.

Many prominent natives and friends of the Fatherland were present and made liberal contributions. Some who were unable to attend sent checks or money. The speaker preferred to donate in small amounts payable either weekly or monthly, were given an opportunity to do so.

In their speeches several of those who addressed the gathering took occasion to criticize reports of the war which are being sent out by various press associations. It was charged that many of the American newspapers have given misleading accounts of the various battles and that they have in many instances distorted the news in favor of Great Britain. Few accurate reports are being published, according to those who spoke.

It is likely that another mass-meeting for the purpose of raising additional funds will be called at an early date, the time and place to be announced later. While the speeches last night, by agreement, were made in English, the speakers often lapsed into the mother tongue, and each time they did so they were greeted with loud applause.

Miss Glasgow Guest of Honor. Miss Ellen Glasgow, in whose home the Equal Suffrage League of Virginia was organized in 1909, will be the guest of honor at next Thursday night at the fall opening of the headquarters of the Equal Suffrage League of Richmond, in the Commercial Building. The opening will be in the nature of a reception, and the hall will be decorated for the occasion. There will be music and refreshments, and Mrs. R. B. Valentine, who heads both the State and local leagues, will make the principal address.

Arrest Chauffeur for Speeding. Henry Johnson, chauffeur for E. H. Shackerford, 705 West Grace Street, was last night arrested by Patrolman Harvey, charged with running an automobile faster than allowed by law.

Charged Assault With Brick. Sam Holt, colored, was arrested by Patrolman Folkes last night, charged with assaulting Charles Washington with a brick.

Card Tray Stolen. O. P. Wright, of 105 East Grace Street, last night reported to the police that his home had been entered between 6:30 and 7 o'clock and a silver card tray containing a silver watch valued at \$15. Entrance was gained through the front door.

## LOEHR APPOINTED

Will Be Chairman of Committee on Quarters and Information for Reunion. Charles T. Loehr, secretary of the Pickett's Division Association, president of the Richmond Confederate Pickett's Division Association, and secretary of the Old First Virginia Regiment Association, has been appointed chairman of a committee on quarters and information for the Confederate Reunion to be held in Richmond next May. The committee will gather information as to hotels and boarding houses for the convenience of visitors to the city during reunion week, when one of the largest crowds ever in the city is expected. Mr. Loehr has been chairman of this committee in former reunions and is thoroughly familiar with the details of the work to be done.

Alleged Gun Toter. Sam Hawkins, a nineteen-year-old negro, was arrested by Patrolmen Galbraith and Wills last night, charged with carrying a concealed weapon, a revolver.

Issue a letter to their customers  
about State-wide Prohibition

The voters of Virginia are called upon to decide at the ballot-box September 22nd the question of surrendering our long tried and thoroughly satisfactory system of local option and adopting in its place State-wide Prohibition, a regulation that has not been satisfactory in any state that has tried it.

Before our customers and the general public vote on the issue, we wish to call their attention to one phase of the proposed State-wide prohibition law that has probably escaped their attention. At any rate, we wish to acquaint them with the fact that if State-wide prohibition is adopted for Virginia that we can no longer fill orders for wine and liquors from our customers.

The State-wide law that the prohibitionists propose to enact for Virginia makes it unlawful for any person or firm to sell wine, spirits or beer in the State. While the law permits the manufacture of wines and beers in the State, it specifically provides that all wines and beers manufactured in Virginia must be sold in some other State; they cannot be lawfully sold in Virginia.

As our customers are aware, we carry, in connection with our family grocery business, a stock of wines and liquors which we sell as required for home consumption. We supply a large amount of Porter, Stout, Ale, Malt Extract, etc.; wines for all culinary purposes, for sacramental uses, for medicinal purposes as well. We also supply liquor to those who wish to keep a small supply in their homes. We sell no liquors to be drunk on the premises.

Now, if State-wide prohibition is adopted in Virginia we will be compelled to discontinue this line of our business. You know how such discontinuance would affect you and your neighbors. We could not fill an order even for wine from any of you for any purpose, much less orders for the stronger beverages.

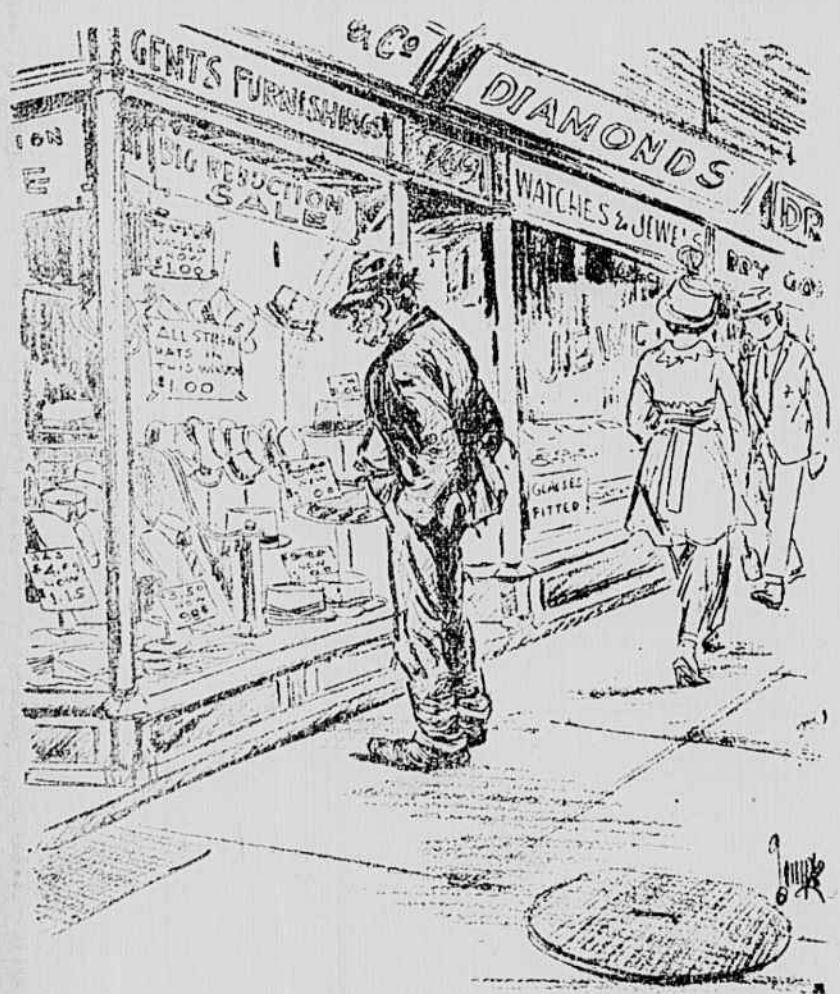

Our purpose in writing this card is to acquaint you with the facts already stated—that if State-wide prohibition is adopted next Tuesday you will be compelled to send your orders outside of Virginia for wines and liquors and take chances on what you get in return for your money. If you feel about the matter as we do, we most respectfully, but strongly, urge you to go to the polls Tuesday, September 22d, and vote against State-wide prohibition.

Yours very truly and respectfully,

R. L. CHRISTIAN & CO.,  
HERMAN SCHMIDT,  
GEO. McD. BLAKE & CO.

Richmond, Va.

## SKETCHES FROM LIFE - By Temple

"Clothes Don't Make the Man"

## NO CHARGES PREFERRED

No Steps Taken to Prosecute Physician Whose Car Struck Woman.

No charges had last night been entered against Dr. J. B. Winn, of West Grace Street, who yesterday afternoon ran over Mrs. Lou McSweeney, of 2309 Williamsburg Avenue, and struck her daughter, with his automobile at Sixth and Lombard Streets. It was said at first that he would be charged with recklessly running his machine, but no steps in this direction were taken. The women were hurt by the automobile while making their way to board a street car. The machine, which was proceeding slowly, is said to have skidded on the wet pavement. Mrs. McSweeney was hurled down, and her daughter, who made efforts to drag her mother out of the path of the machine, escaped injury.

Dr. Winn and Ambulance Surgeon

Walker examined the women, but found that neither had been seriously injured. They were sent to their home by Dr. Winn in a taxicab.

Names of Banks Confused.

In an account of the application of the Piper Roofing and Manufacturing Company for a receiver, printed yesterday, mention was made of the Richmond Trust and Savings Company as a secured creditor. The reference should have been to the Richmond Bank and Trust Company, which held a secured claim for \$7,886.00. It was stated yesterday that the Richmond Trust and Savings Company was not the holder of any obligations of the Piper Company.

Otto Miller Arrested.

Otto Miller was last night arrested on a warrant charging him with stealing a gold-filled watch from Steadman Luckardt.

## MAKE EXAMINATIONS OF PAVING ASPHALTS

Administrative Board Instructs City Chemist Whitfield to Investigate System in Use in Baltimore.

MAY PUT IN SAME PLANT HERE

Installation of This Apparatus Will Mark Richmond's First Attempt to Test Material Laid Down in Streets, Beck Says.

Dr. J. M. Whitfield, City Chemist, reported to the Administrative Board yesterday that he has been advised that he will in the near future be called upon by the City Engineer to make examinations of asphalts in connection with the smooth paving improvements upon which the city will soon engage, and suggested that he be permitted to investigate the Baltimore testing system with the view of installing it in Richmond. The city laboratory, Dr. Whitfield reported, was not equipped with the apparatus needed for making certain asphalt tests, which the City Engineer regarded as of the first importance. The Administrative Board authorized him to go to Baltimore and make an investigation of the testing apparatus employed by that city. He was authorized to purchase similar apparatus for Richmond, if the cost did not exceed \$150.

Henry P. Beck, of the Administrative Board, said yesterday that the installation of this testing apparatus will mark the city's first consistent attempt to test the paving that is laid down in its streets. Tests of paving material before laying, have been made by the City Engineering Department, and concrete tests have been made by the City Chemist, but no attempt has ever been made to test the paving after it has been laid.

The fact that the city has until this year done practically no street asphalt paving is assigned as the reason for the absence of the testing apparatus which it is now proposed to install.

Food Inspector's Report. The quarterly report of the State Dairy and Food Commissioner, which has just been issued, shows the work done by the department from March 1 to May 31 of this year.

Inspectors examined the stock and materials used in manufacturing at 3,447 factories, stores and warehouses during that period where baking powders, ice cream, meats, flavoring extracts and other articles of food are distributed for sale. The report shows that inspectors prevented the distribution and sale of 3,552 packages of stock and poultry food for various causes, the dealers not having complied with the law governing the handling and sale of these products. Large quantities of foods of different kinds were destroyed, being condemned as unfit for the market.

## RICHMOND ACADEMY OPENS ITS THIRTEENTH SESSION

School Occupies Quarters on Old College Campus—Expect Enrollment of 125 Students.

Richmond Academy opened its thirteenth session yesterday in its new quarters on the old Richmond College campus. The school, which offers a preparatory course, is occupying the large brick building facing on Broad Street, and known as Memorial Hall. The structure has been remodeled, and is now excellently arranged.

Professor William F. Prince continues as dean of the faculty, and has his assistants, Frank V. Bowen, instructor in mathematics and science; C. G. Ryland, instructor on English and Latin; and Hugh Bagby, instructor in Latin and German; L. S. Gilliam, assistant in history and mathematics; George Arnold, lower school, and Miss Kate Winston, primary department. All except Mr. Bowen, who has been with the school since it was organized, are newcomers. Mr. Ryland is a Virginian and a graduate of Harvard; Mr. Bagby is a Princeton man; Mr. Gilliam, Richmond College and Harvard, and Mr. Arnold, William and Mary.

Mr. Prince is highly gratified at the enrollment yesterday, and expects to have 125 boys in school this year. He is confident that Richmond Academy will have a prosperous session. The interior of Memorial Hall was torn out and nine classrooms and a large assembly hall formed. There are accommodations for twenty boarding students, which is an innovation, as is the primary department.

The athletic prospects for the academy are bright. In addition to his class work, Mr. Arnold will have charge of the athletics. Yesterday twenty boys reported for football practice.

NORTH CAROLINA PROHIBITION. Experience meeting. City Auditorium, 8 o'clock to-night. Mayor Brocken of Durham, and others. Everybody invited.—Adv.

## RULE ISSUED FOR RAILROADS

In pursuance of the resolution of the Commonwealth Council by which the Commonwealth of Virginia is divided into counties and cities, and the Southern Railway Company is authorized to operate passenger trains, hence no action is to be taken against the races at Richmond where white people and negroes mingle in passenger station waiting rooms.
